ADDENDUM 1 – Questions and Answers

Q1. In addition to accepting insurance, what other funding will be provided by the district for this project?

A1. At this time, we do not know if and what funding will be available for the 2024-25 school year. Currently we have funding to help support our agencies with seeing students who are uninsured or underinsured. The funding is a limited amount varying for each agency, however, has historically been based on utilization and number of referrals.

Q2. What is the expected award notification date for this RFQ?

A2. Following the closing of the RFQ posting, we will review submitted applications and schedule interviews. Following those interviews, we would look to decide tentatively by the end of May. This would be for the provider to start at the beginning of the school year.
