

DISTRICT ACCOUNTABILITY EXECUTIVE SUMMARY

Durham Public Schools | 2022-23 School Year

Each year, districts are required to release accountability data that recaps the previous academic school year. The following report summarizes school performance for all schools across Durham Public Schools for the 2022-23 school year.

Lakeview and Durham's Performance Learning Center (PLC) are not included in the chart above because they use an alternative accountability model. In addition, Hospital School does not have enough data points to calculate a school performance grade, and therefore, is not included.#

2 SCHOOL PERFORMANCE GRADES

The North Carolina General Assembly requires that individual schools be given overall school scores for achievement, growth, and performance. Each of those indicators is combined (80% achievement, 20% growth) to designate a School Performance Grade for each academic year. The chart below shows the distribution of School Performance Grades over the last five (5) academic years for which data are available. School Performance Grades were not assigned in 2019-20 and 2020-21 due to the COVID-19 pandemic.

3 COMPOSITE TEST SCORE COMPARISONS

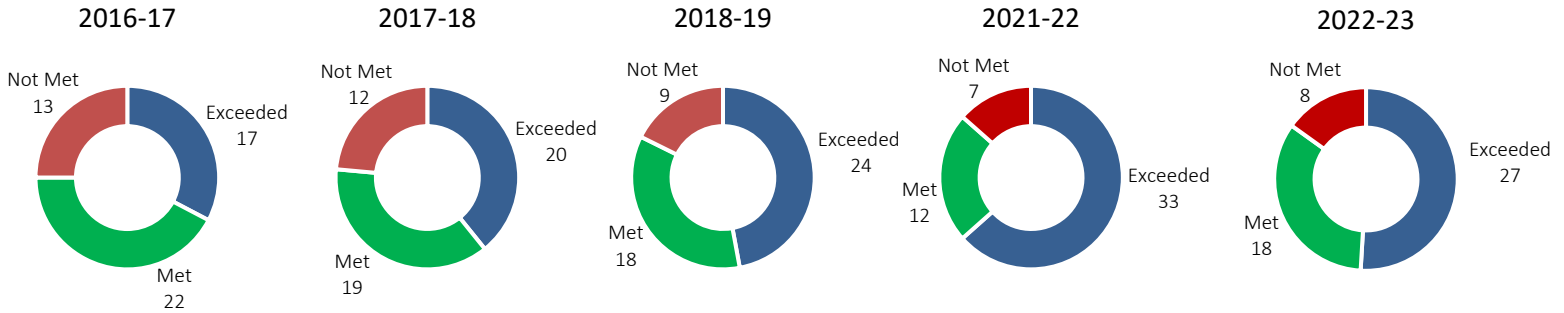

Durham Public Schools gives standardized tests each academic year, as required by the North Carolina Department of Public Instruction. The following table shows grade level proficiency, by each test, for the 2022-23 school year. It also shows the change in proficiency from the 2021-22 school year.

4 OVERALL GROWTH STATUS

Academic growth is an indication of the progress that students in the school made over the previous year. The standard is roughly equivalent to a year’s worth of growth for a year of instruction. Growth is reported for each school as Exceeded Growth Expectations, Met Growth Expectations, or Did Not Meet Growth Expectations, as measured by EVAAS, a statistical tool North Carolina uses to measure student growth. Growth statuses were not assigned in 2019-20 and 2020-21 due to the COVID-19 pandemic.

5 LOW-PERFORMING SCHOOLS

Schools that receive a School Performance Grade of D or F, and a growth status of Met or Not Met, are designated low-performing.

2016-17	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23
18	14	11	11	11	12	15

Due to the COVID-19 pandemic, low-performing statuses for the 2019-20 and 2020-21 school years were held over from 2018-19.

6 COLLEGE & CAREER READINESS INDICATORS

The State of North Carolina identifies areas that indicate a student's readiness for college and/or career. Below are the overall district and high school results for Durham Public Schools across several indicators. The NCDPI restricts reporting percentages over 95 and under 5; also, group sizes smaller than 10 are noted with an asterisk (*). Except for the Cohort Graduation Rate, these indicators were not reported in 2019-20 due to the COVID-19 pandemic.
