

Research Study Continuing Review/Interim Report

Research reports are due by December 1 and March 1 of each year. Section 1:

Identifying Information

Project Title:	
Principal Investigator:	
Email:	
Phone:	
University/Organization Affiliation:	

Section 2: Status of Research

- No participants collected to date
- Recruitment and/or collection of new participants or review of records to continue.
- Study is no longer collecting, but participants are still involved in research-related activities.
- Study is no longer collecting data and participants have completed research-related activities for this cycle year.
- Study collection is multi-year and will continue for the follow year pending approval of renewal research application.
- Study collection is permanently closed; participants have completed research-related activities, and any follow-up has been completed by research team. The remaining research activities are limited to only data analysis with collected data.

Section 3: Study Participant at Continuation Report:

Number of participants originally approved by DPS:	
Number of participants solicited since the last continuation report:	
Number of participants enrolled since the last continuation report:	
Number of participants who withdrew from the study since the last continuation report:	
Number of participants originally approved by DPS:	
Number of participants enrolled since the beginning of the study:	
*Number of participants who withdrew from the study:	

*Withdrawing includes any participants who started the process but did not complete, whether by leaving the study early, not returning for follow-up sessions, or if investigator terminates participation.

Section 4: Summary of Progress within Review Report Period:

- Since the last review report, was the study open to enrollment? Yes No
 - If “yes,” continue to next section. If “no,” continue to Section 5.
- Since the last review report, were participants enrolled in the study? Yes No
 - If you answered “no,” describe the reason(s) for no enrollment and then continue to Section 5.

- Have any participants complained or raised concerns about this study? Yes No
 - If you answered “yes,” please provide a description of complaints/concerns and how they were handled.
- Have there been any amendments since the last status report? Yes No
 - If you answered “yes,” were the amendments submitted to DPS via the modification form? Yes No
- Have there been any unanticipated problems with the study? Yes No
 - If you answered “yes,” please describe below:

Section 5: Primary Investigator Assurance at Review Period

I confirm that I have adhered to the DPS guidelines as established in the approved research application and confirmation letter. I attest to the accuracy of this report, and I accept responsibility for the conduct of this activity, the supervision of participants, and the maintenance of informed consent documentation as required by DPS.
